

Stabling/Participant Information

Rider: _____ Horse Name: _____

Phone #: _____

Email: _____

Since we're a boarding facility it's hard to tell how many stalls we will have available at the time of the clinic. As of right now I am comfortable committing to having six to ten stalls available, and as it gets closer I will have a better idea of additional availability and a possibility of some temporary stalls. Also because of limited stall space I feel the stalls should be offered to the people traveling in from out of state first. Right now the stalls will be given out to the first six to ten who verbally request them.

- Stalls: \$30 per day per horse
 - This does not include turnout
 - Feed and bedding not included
 - Please bring your own water buckets
 - We will be responsible for watering, and staff will feed if you leave grain out.
- Paddock: \$25 per day per horse
 - Three strand electric fence rope with no shelter
 - We will be responsible for watering, and staff will feed if you leave grain out.

- Truck in: \$20 per day per horse
 - Does not include stall or paddock use

Once you commit to a stall or paddock you can not change upon arrival.

Arrival Date (if boarding): _____

Departure Date (if boarding): _____

Directions will be posted at www.burntmeadowstables.com

Current Coggins required and must be up to date on all shots

Once you have committed to one of the above options, you can not change upon arrival.

Payment for stabling fees are due before the start of the clinic, made payable to Burnt Meadow Stables

There are no electrical or water hookups available
